The Amesbury Police Department is dedicated to providing the highest level of service to our community by maintaining and enhancing public safety with our commitment to the protection of life and property, the preservation of peace, and the protection of individual rights and liberties. The Amesbury Police Department is further committed to work tirelessly with our citizens in a cooperative effort to assure a secure community by reducing the fear of crime and promoting new and innovative programs for the welfare and safety of all who live, work, and visit the City of Amesbury.

Heroin and prescription opioid drug abuse is a public health crisis which has caused record numbers of overdose deaths and contributed to increases in drug-related crime. There are many resources available, but understanding how to access these services can be difficult. With the recognition that addiction is not a crime, and with strong community support, the Amesbury Police Department will address the needs of any person who requests help with their opiate addiction. By encouraging addicted individuals to seek help from law enforcement without fear of being arrested and prosecuted, the Amesbury Police Department hopes to improve the quality of life for program participants and their families while also preventing future crimes and overdose deaths associated with drug addiction.

The Outreach/Prevention Program is a positive relationship between law enforcement, The Pettengill House, Inc., and those struggling with Opioid addiction and other substance addictions. This partnership was formed with the goal of prevention, assisting those struggling with addiction, assisting their families with family stabilization & family support, preventing further addiction, aiding in the receipt of treatment for addiction, and providing follow up outreach services.
